A Green Solutions Company™

**A Simple Solution for
Responsible Landscape Care**

EZ-FLO protects your family and the environment without sacrificing results.

At Planting

EZ-FLO delivers superior results while virtually eliminating exposure to toxic chemicals, creating a healthier environment for your family.

After One Year

Actual results with EZ-FLO

EZ-FLO feeds:

- * **Turf**
- * **Trees**
- * **Shrubs**
- * **Flowers**
- * **Vegetable Gardens**

in small amounts, automatically, every time you water.

The Smart Choice

Easy to Use - Saves Time

- Connects directly to an in ground irrigation system and feeds slowly every time you water
- One system feeds the entire landscape and garden through all types of irrigation - simply refill every 4 to 8 weeks
- Combine any liquid or water soluble products for one step application - no dilution required
- Durable design for years of trouble free operation
- Will not stain hard surfaces or damage irrigation components
- Systems for every landscape

Saves Money

- Replaces hose end sprayers, tank sprayers and fertilizer spreaders
- Use up to 90% less fertilizer due to superior nutrient uptake
- Use 20% to 30% less water
- Reduce or eliminate insect and weed control requirements by up to 40% or more

Eco-Friendly

- Eliminates fertilizer runoff
- Saves water
- Eliminates exposure to harmful chemicals

Actual results with EZ-FLO

EZ-FLO Landscape Solutions

EZ-GRO Organically Balanced Fertilizer

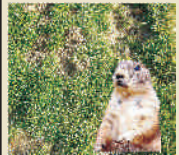

A highly concentrated blend of water soluble fertilizer and organic bio-stimulants that are ideal for the entire landscape and garden. The organic bio-stimulants build healthy soil structure and enhance nutrient absorption.

EZ-GRO Organic Soil Fertility Booster

A highly concentrated water soluble organic bio-stimulant that can be mixed with other fertilizer products to promote soil health and nutrient absorption.

EZ Organic Critter Control

Repells, but does not harm, deer, gophers, moles, voles, rabbits and others too numerous to mention. Formulated from food grade products so it is safe for children and pets. Odorless, will not stain.

ProKill Insect Control

This product is very toxic to insects but not to humans, pets or the environment. It is a non-systemic product. No harsh chemical odors, will not stain.

All of these products can be combined in the EZ-FLO system for one step application.
