

Liquid Complete

A complete fertilizer
blended with Live Earth Liquid Humate soil conditioner.

One application that gives you both the benefits of
plant nutrients and organic matter that benefits the soil.

Simple and easy to use.

Specially designed to give optimum results for drip irrigations systems, fertigation systems, injection systems, standard spray systems, and hose end sprayers

Liquid Complete gets the nutrients and the necessary humate deep into the soil to promote longer root systems and aid in the uptake of nutrients. Live Earth Humates make the soil a better environment for plant growth. It holds the nutrients in the soil where the plants can utilize them.
